

Trinity Tigers Fall Season Recap

Trinity Volleyball is back

By Shinicka Spears

Coming back after a tough COVID season last year the team really came together and battled against some tough opponents this season. With 7 freshman, 1 sophomore, and our solo senior, Brianna Roache, this season was a great learning experience for us. Winning our last home game against Washington Adventist, and ending the season on a high against PSU Hazelton, we are excited to use this season to launch our work this off season.

We will have a lot of talented players returning next year so we are primed for a big bounce back. I look forward to what next season brings.
